

March 23, 2020

Dear GEC Members, Regular Attenders, and Guests:

As we all know, Washington has been greatly affected by the Novel Corona Virus – 2019. In response, Governor Jay Inslee, using his powers under the emergency declaration issued an order, today, March 23, 2020, to stay at home and stay safe, for two weeks. Only essential businesses and personnel are to be open and all gatherings of any size are prohibited. Churches and church personnel are not considered essential operations, regardless of size, under this order. Therefore, all gatherings and services are suspended until further notice.

The situation is fluid and may change, and we cannot make plans beyond the current week. This note will be updated to reflect any changes. Let's all do our part to "flatten the curve." At a minimum, a sermon will be livestreamed at our normal service time of 1:00PM. We will let you know where it can be found. Let's be sure that we continue in prayer and service to one another and the community. Remember, that of all people, we in Christ should not be the ones panicking and should be examples of submission.

In His Grace,

Pastor Mark
